

Welcome to Science Class!

Thursday January 27th

**Learning Targets:**

What were the results of Mendel's experiments or crosses?

What controls the inheritance of traits?

What is probability and how does it help explain genetic crosses?

What are genotype and phenotype?

What is codominance?

**1) Please sit in your regular flavored seats, with nothing but a properly shaped pencil out.**

**2) Genetics Test**

**4) Turn in Journal**

**5) What would you like to study next?**
