

## What do you know about lungs and breathing?

What do you **KNOW** you know?

You need to  
Breathe!!!  
• Your lungs aren't  
the same size, left  
one is smaller.  
YOU turn air into  
 $\text{CO}_2$   
you have 2 lungs

What do you **THINK** you know?

Liquid in your lungs isn't  
lethal.  
• by changing breathing  
Patterns RiccupS go away!  
• You can live with 1  
lung
