

What do you know about lungs and breathing?

What do you **KNOW** you know?

You need to
Breathe!!!
• Your lungs aren't
the same size, left
one is smaller.
YOU turn air into
 CO_2
you have 2 lungs

What do you **THINK** you know?

Liquid in your lungs isn't
lethal.
• by changing breathing
Patterns RiccupS go away!
• You can live with 1
lung
