

First Semester Reflection

1. Fill in your scores on the following Journal Stamp checks:

Stamp Check #1: 4 Stamp Check #2: 4 Stamp Check #3: 4 Stamp Check #4: 4

2. Since the beginning of the semester did your scores: (circle one)

- a) go up b) go down **c) stay the same** d) go up and down

3. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this.

- a. Earning stamps
b. Completing entries
c. Finishing fixes or incompletes
d. Taping in papers
e. Filling out the grade sheet (Entry titles and Stamps)
f. Coming in for lunch help when absent
g. Coming in for lunch help when you need help on entries
h. Staying on task during class time
i. Listening to directions

4. Fill in your test scores:

Digestion Test: 2.5 Respiration Quiz 3.5 Genetics Test 3.5

5. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this to get ready for a test.

- a. Filling in vocabulary
b. Studying vocabulary
c. Studying entries
d. Coming in for lunch help to get ready for a test
e. Asking questions in class
f. Listening during class discussions
g. Sharing ideas during class discussions

What else could you work on to improve your learning in science? List below:

- I could try to study more harder for a test.
- Try to use my freetime at home for studying for a test.

What could I do to help you improve your success in this class? List below:

- Help me study for tests
- keep checking in on me about the entry we are doing.
- ~~Encourage~~ Encourage me to keep my head up if I ~~look~~ do wn.

Be sure to tape in your progress report and this paper for a stamp on the entry.

First Semester Reflection

1. Fill in your scores on the following Journal Stamp checks:

Stamp Check #1: 2 Stamp Check #2: 3.5 Stamp Check #3: 2.5 Stamp Check #4: 2.5

2. Since the beginning of the semester did your scores: (circle one)

- a) go up **b) go down** c) stay the same d) go up and down

3. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this.

- a. Earning stamps
- b. Completing entries
- c. Finishing fixes or incompletes
- d. Taping in papers
- e. Filling out the grade sheet (Entry titles and Stamps)
- f. Coming in for lunch help when absent
- g. Coming in for lunch help when you need help on entries
- h. Staying on task during class time
- i. Listening to directions

4. Fill in your test scores:

Digestion Test: 0 Respiration Quiz 1 Genetics Test 2

5. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this to get ready for a test.

- a. Filling in vocabulary
- b. Studying vocabulary
- c. Studying entries
- d. Coming in for lunch help to get ready for a test
- e. Asking questions in class
- f. Listening during class discussions
- g. Sharing ideas during class discussions

What else could you work on to improve your learning in science? List below:

- Don't talk to Sarah
- Study when found out about test
- Pay more attention
- Don't talk to Chyllia
- Do work

What could I do to help you improve your success in this class? List below:

- Check with me more
- yell at me

Be sure to tape in your progress report and this paper for a stamp on the entry.

First Semester Reflection

1. Fill in your scores on the following Journal Stamp checks:

Stamp Check #1: C Stamp Check #2: D Stamp Check #3: D Stamp Check #4: D

2. Since the beginning of the semester did your scores: (circle one)

- a) go up **b) go down** c) stay the same d) go up and down

3. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this.

- a) Earning stamps
- b) Completing entries
- c) Finishing fixes or incompletes
- d) Taping in papers
- e) Filling out the grade sheet (Entry titles and Stamps)
- f) Coming in for lunch help when absent
- g) Coming in for lunch help when you need help on entries
- h) Staying on task during class time
- i) Listening to directions

4. Fill in your test scores:

Digestion Test: F Respiration Quiz F Genetics Test D

5. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this to get ready for a test.

- a) Filling in vocabulary
- b) Studying vocabulary
- c) Studying entries
- d) Coming in for lunch help to get ready for a test
- e) Asking questions in class
- f) Listening during class discussions
- g) Sharing ideas during class discussions

What else could you work on to improve your learning in science? List below:

I need to work on not being distracted while im working on an entry.

What could I do to help you improve your success in this class? List below:

You can explain things a little more.

****Be sure to tape in your progress report and this paper for a stamp on the entry.****

First Semester Reflection

1. Fill in your scores on the following Journal Stamp checks:

Stamp Check #1: C- Stamp Check #2: A Stamp Check #3: C+ Stamp Check #4: D

2. Since the beginning of the semester did your scores: (circle one)

- a) go up b) go down c) stay the same **d) go up and down**

3. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this.

- a. Earning stamps
- b. Completing entries
- c. Finishing fixes or incompletes
- d. Taping in papers
- e. Filling out the grade sheet (Entry titles and Stamps)
- f. Coming in for lunch help when absent
- g. Coming in for lunch help when you need help on entries
- h. Staying on task during class time
- i. Listening to directions

4. Fill in your test scores:

Digestion Test: D Respiration Quiz: D Genetics Test: C+

5. For the following, circle the letter if you need to improve in this area and put a check mark if you are already doing this to get ready for a test.

- a. Filling in vocabulary
- b. Studying vocabulary
- c. Studying entries
- d.** Coming in for lunch help to get ready for a test
- e. Asking questions in class
- f. Listening during class discussions
- g.** Sharing ideas during class discussions

What else could you work on to improve your learning in science? List below:

Study for the upcoming tests and ask for help from other people or the teacher

What could I do to help you improve your success in this class? List below:

I can only think of coming to help me more, ask me how I am doing

Be sure to tape in your progress report and this paper for a stamp on the entry.
